

# Snap N' Grow

PLANT PROTECTOR

This plant protector has a unique patented design that offers growers the cooling power of ventilation, while protecting plants from herbicides, in addition to natural threats.

## Accelerate growth and reduce establishment costs.

Snap N' Grow tubes feature "S-Curve" ventilation channels for cooling power. These tubes help protect plant from dangerous herbicides. They are made using UV additives for product protection and reusability. Snap N' Grow tubes protect plants from small animals and severe wind. Compact design reduces handling time and requires less storage space. Snap N' Grow tubes act as a mini-greenhouse to accelerate growth reduces water needs during plant establishment phase. Easy removal of tube after plant has reached an appropriate size.

# Snap N' Grow

PLANT PROTECTOR

Punch-outs for tying,  
color coding or tagging

Ribs designed to  
enable air flow and  
enhance rigidity for  
improved function

Snap-together  
locking points for  
easy installation

Constructed of UV-stabilized  
polyethylene for durability, no PVC  
content

## Snap 'N Grow Applications include:

- Vineyards
- Tobacco growers
- Coffee growers
- Tree farms
- Kiwi growers

### Construction material is ...

- UV-stable polyethylene
- Resistant to deterioration from the sun's rays
- Longer-lasting and affords more opportunity for reuse
- More environmentally friendly than PVC

### Size specifications

- Available in two stock sizes (custom sizes can be special ordered)
- 3½" ID when Snap N' Grow is assembled
- Stands up to 29" high, can be modified for special client applications

### Packing/ordering specifications

- Packed in corrugated cases, 400 pieces per case (makes 200 tubes)
- 15 cases per pallet
- Minimum order - one case

#### HEADQUARTERS/ MANUFACTURING

3000 Boeck Road  
PO Box 640  
Portage, Wisconsin 53901-0640  
Phone: (608) 745-1400  
Fax: (608) 742-8809

#### BROWNSVILLE OPERATIONS MANUFACTURING

1900 Billy Mitchell Blvd.  
Building C  
Brownsville, TX 78521  
Phone: (956) 504-6102
