Mr. David Bernard  
President  
Portage Plastics Corporation  
3000 Boeck Road  
Portage, Wisconsin 53901

Dear Mr. Bernard:

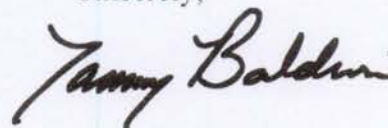

Congratulations to Portage Plastics Corporation on receiving the Safety and Health Achievement Recognition Program (SHARP) Award from the federal Occupational Safety and Health Administration (OSHA) and the Wisconsin State Laboratory of Hygiene (WSLH) WisCon Program. This distinct honor is given to those companies that have made an exceptional commitment to the well-being of their employees and done so with stellar results. Your company's dedication to the people of our community is truly commendable.

As a leader in the plastic packaging industry, Portage Plastics Corporation has proven itself to be an innovator and now a model of safety and health management. PPC participates in SHARP voluntarily and has met or exceeded all of the program's requirements by undergoing comprehensive evaluations and maintaining an injury and illness rate below the industry's national average.

We are fortunate to have such an exemplary business right here in south central Wisconsin. Thank you for all you have done to make the workplace safer and the City of Portage better.

Again, congratulations to all the employees at Portage Plastics Corporation and best wishes for continued success in the future.

Sincerely,

Tammy Baldwin  
Member of Congress
